The Chico State Intelligent Systems Lab (ISL) has developed a week long, interactive Summer Robotics Camp to provide girls going into the 8th grade with the unique opportunity to learn more about science and math. This camp is designed to introduce these young women to the fields of Computer Science, Engineering, and Mechatronics through their learning, experimentation, building and use of robots. The ISL is looking for volunteer mentors to help with the camp, assisting the girls in their activities, supervising daily events, and overall acting as role models for participants.

QUALIFICATIONS:
- Applicants must be Chico State Students.
- Applicants must be able and willing to participate in camp in some part from June 14th through June 18th, 9:00am to 3:00pm daily.
- Applicants must be responsible and dependable, able to take on challenges, and model good behavior and enthusiasm for Summer Robotics Camp participants.

DATES:
- Monday, June 14th, 2004 through Friday, June 18th, 2004 from 9:00am to 3:00pm daily.

LOCATION:
- California State University, Chico campus. Mentors and staff will meet in front of the O’Connell Technology Center, located on the corner of Warner and West 1st Street.
